# Connecticut Milk Cost of Production Estimates for January, February, and March 2013

Prepared for the Connecticut Commissioner of Agriculture

by Adam N. Rabinowitz and Rigoberto A. Lopez

May 22, 2013

## 2013 Connecticut Milk Cost of Production Estimates, Statistical Uniform Price, and Application of Public Act 09-229

|   | January                   | February | March   | Quarter 1 Average |
|---|---------------------------|----------|---------|-------------------|
|   | Dollars per Hundredweight |          |         |                   |
| <b>Total Cost of Production</b>   |                           |          |         |                   |
| Connecticut   | \$33.27                   | \$32.42  | \$31.94 | \$32.54           |
| <b>Minimum Sustainable Cost of Production</b>                                     |                           |          |         |                   |
| Connecticut   | \$27.28                   | \$26.58  | \$26.19 | \$26.69           |
| <b>Statistical Uniform Price</b>  |                           |          |         |                   |
| Hartford, CT  | \$19.63                   | \$19.33  | \$19.22 | \$19.39           |
| <b>Statistical Uniform Price Minus<br/>Minimum Sustainable Cost of Production</b> |                           |          |         |                   |
| Connecticut   | -\$7.65                   | -\$7.25  | -\$6.97 | -\$7.29           |

Source: 2012 CT DFBS Survey with annual updates. Minimum Sustainable Cost of Production is 82% of the Total Cost of production. Statistical Uniform Price is from the USDA Federal Milk Order No. 1 (<http://www.fmmone.com>).
